Experience Bass You Can Feel with Sonos Sub 4

Sub 4 is the next generation of Sonos' iconic subwoofer. With a refreshed design and internals, Sub 4 produces deep bass that transforms your home theater experience and draws you deeper into the content you love.

- **Pulse-Pounding Sound:** Feel every beat, roar or rumble in your chest with dual custom woofers that generate deep, dynamic low frequencies to enhance your entertainment. No buzz or rattle either — both Sub 4 woofers face inward to create a force-canceling effect that neutralizes distortion.
- **Rebuilt, Inside and Out:** As Sonos' most advanced subwoofer to date, Sub 4 includes increased processing power and memory, as well as new WiFi radios so you never miss a beat.
- **Same Iconic Design:** Sub 4 features an elegant sculptural shape that maintains much of its predecessor's aesthetic, with an updated matte finish in Black and White and a profile that's easy to stand upright, lay on its side, or tuck under the couch.
- **Sustainable Sound:** Sub 4 also comes in a more sustainable form through dematerialization efforts, with an updated enclosure, faceplate and cable cover to reduce unnecessary waste and a nearly 50% reduction in idle power consumption.
- **Breathtaking Home Theater:** Add more drama to your movies and shows when you pair Sub 4 with Sonos Arc Ultra, Sonos Arc, or Sonos Beam for deeper lows. Pair two subwoofers together for maximum bass that supercharges every scene and song — Sub 4 is compatible with previous generations of Sub in select setups.

Audio

Amplifiers
Dual Class-D digital amplifiers perfectly tuned to the subwoofer's unique acoustic architecture.

Woofers
Dual 5" x 8" elliptical woofers face inward for a force-cancelling effect that virtually eliminates distortion.

Architecture
Ported cabinet enhances bass response.

Frequency
Reaches levels as low as 25 Hz.

EQ
Audio settings automatically equalize to balance Sub 4 and the paired Sonos speaker(s). Use the Sonos app to adjust bass, treble, and loudness.

Trueplay
This software measures the acoustics of the room then fine-tunes the EQ. Compatible with iOS and Android devices.

Details

Dimensions
15.31 x 15.83 x 6.22 in (389 x 402 x 158 mm) (H x W x D)

Weight
26 lb (11.79 kg)

Color & Finish
Matte; Available in Black or White

Join button
Press once to add Sub 4 to your system during setup.

Power and Connectivity

WiFi
Connects to any 802.11a/b/g/n/ac/ax 2.4/5 GHz broadcast-capable router.

Ethernet
10/100 port for hardwiring to your router

Voltage
100-240V 50/60Hz internal power supply

CPU
Quad Core
4xA55 1.9GHz

Memory
512 MB DDR4
4GB eMMC

Operating temperature
32°F to 104°F
(0°C to 40°C)
