

REPORTER

OMNIDIRECTIONAL INTERVIEW MICROPHONE

The Reporter is a dynamic microphone designed for handheld interview and presentation applications. With a frequency response specifically tailored for voice reproduction and an omnidirectional pickup pattern, it delivers crisp, clear results in almost any conditions. It features an ergonomically designed die-cast body with an extended handle that allows for easy positioning whilst interviewing, plus a multi-layered mesh grille for superior wind protection.

- Broadcast recording presentation and interview microphone
- "Tailored for voice" frequency response
- Omnidirectional polar pattern
- Detachable microphone flag
- Ergonomic die-cast body
- Anti-glare black finish
- Multi-layer wind protection
- Designed in Australia
- Free 10 year extended warranty when you register online at www.rodemic.com/warranty
